

# Directions Regarding the Use of Facilities at the Dapeng Bay Marina

1. To maintain order and safety at the Dapeng Bay Marina facilities and facilitate vessel berthing and passenger boarding and disembarking, the Dapeng Bay National Scenic Area Headquarters, Tourism Administration, Ministry of Transportation and Communications (hereinafter referred to as “the Headquarters”), hereby establishes these directions..
2. The Dapeng Bay Marina area (hereinafter referred to as berthing area) referred to in these directions is located as detailed in the attachment.
3. Those applying for a berth shall follow the Directions Regarding Leased Berths and Other Facilities at the Dapeng Bay Marina and submit an application to the Headquarters for review. If the application is approved, the applicant shall pay berthing fees and other fees as required. Past due payments are considered grounds for forfeiture of all rights under the application.
4. Upon entering the waters of Dapeng Bay, a vessel may proceed at a speed of up to 10 knots; upon entering the berthing area, the speed limit is five knots (9.26km/h). The applicant is responsible for legal damages for damage to facilities at the berthing area or injuries or deaths to personnel.

5. The following actions are prohibited within the berthing area without prior approval from the Headquarters:

- (1) Tying mooring ropes to dock facilities other than the designated bollards at the assigned berth.
- (2) Berthing at a location different from the designated berth without permission is prohibited
- (3) Placing items, trash, or installing structures on floating piers, main or auxiliary walkways, or within the berthing area
- (4) Using the berthing area for vessel repair, modification, or other improvement work
- (5) Fuel-powered vehicles, including motorcycles and cars, may only enter the berthing area for supply purposes, and must coordinate with on-site management personnel and park in assigned spaces, complete the resupply operation within 10 minutes, and immediately move the vehicle to the parking lot.
- (6) Engaging in fishing, aquaculture, casting nets, swimming, barbecuing, or smoking
- (7) Conducting vessel hoisting or onshore mounting operations

6. Except for transportation docks, only the following individuals may enter the berthing area:

- (1) Vessel owners, their representatives, employees, or users
  - (2) Individuals accompanied by the vessel owner or their representative
  - (3) Others who have received approval from the Headquarters
7. Discharging wastewater, damaging the environment, or engaging in any form of pollution in the berthing area is forbidden. Violators will be dealt with according to the Tourism Development Act or other relevant legislation. The offenders are responsible for cleanup. If the pollution is severe, the Headquarters will handle the cleanup and charge the violator accordingly.
8. Unauthorized occupation of berthing area facilities must be resolved within the deadline provided via notice or public announcement of the Headquarters. If unresolved, items will be treated as waste and removed or disposed of under the Waste Disposal Act, with related costs borne by the violator.
9. The Headquarters may restrict the usage of the berthing area under the following circumstances:
  - (1) When land or sea typhoon warnings are issued by weather competent authority or severe weather (e.g., dense fog) that may hinder vessel navigation is observed.

(2) When dock facilities are damaged or pose a safety risk, the Headquarters may prohibit berthing.

(3) Other circumstances as deemed necessary by the Headquarters.

10. Public service or emergency rescue vessels may use vacant berths and board/disembark passengers as needed for official duties or safety purposes, in accordance with the instructions of on-site personnel
11. Those who seriously violate these directions or fail to comply after being warned by the Headquarters may have their berth lease terminated. If the Tourism Development Act is involved, it will be handled in accordance with the rules of that Act.
